

Certified Foodservice Professional Toolkit

A step-by-step guide to becoming a
Certified Foodservice Professional

About CFSP

The Certified Foodservice Professional (CFSP) Program was established in 1987 and remains the most important industry certification for foodservice equipment and supplies professionals. NAFEM's certification program helps raise the standards and quality of the industry by offering continuing development opportunities and special recognition to individuals who achieve this impressive designation.

Steps to Certification

Step 1: Create an account

Go to the CFSP section of NAFEM's website and click on Enroll. Here you can click on ["Create a NAFEM account"](#) and provide your contact information to set up your login credentials.

Step 2: Submit foodservice activity for credit

Sign into your account via NAFEM's Member Dashboard. Click on "Submit a CFSP Activity Credit" and follow the prompts to select the type of activity you're submitting and complete the necessary information.

Attach documentation that proves you completed/attended your activity. Your activity submission **MUST** include documentation. Accepted backup documentation includes a copy of a badge, certificate, diploma or something that clearly shows your name and the name/date of the event to directly prove participation.

For a list of accepted activities, see our **CFSP Credit Accumulation Worksheet** on page 6.

Step 3: Credit approval

Once your CFSP activities are submitted, they are reviewed within 48 hours. Upon review you will receive notification that your submission was approved or denied. You need a total of 15 approved CFSP credits to purchase your CFSP Bundle.

Step 4: Purchase study materials

Once 15 credits are approved, you can purchase CFSP study materials. NAFEM offers four (4) study bundle options in English, two (2) study bundles in Spanish and two (2) study bundles in Mandarin. We also have a la carte study resources available. See more CFSP study bundle details on page 4.

Step 5: Take the exam

The CFSP Online Exam **must be administered by a proctor**. All proctors are CFSPs who do not work at your current company. To find a local proctor or schedule your exam, contact Kathleen Galeher at kgaleher@nafem.org. It is your responsibility to contact the proctor of your choosing and set up a time/location for your online exam. It is the proctor's responsibility to contact NAFEM for the actual exam. You must pass the exam with a **score of 75% or higher** within one year of purchasing your study materials. You will immediately be notified if you passed your exam and can print your certificate that day.

Step 6: Maintain certification

To maintain your certification, you need to **pay annual dues** and participate in **one credit-earning activity** each year. While one credit is required each year to maintain your certification, there is no limit on how many credits you can earn. After five years of inactivity, your CFSP account will be deactivated. If you wish to reinstate your certification after five years, you will need to start over, from Step 1, earn 35 credits and retake the exam.

Pricing

Study bundles

FAQs

How long does it take for the materials to arrive once I purchase my CFSP study bundle?

Allow 7-10 business days for print-on-demand textbooks to arrive. Digital bundles (e-books) are emailed and ready for download instantly in your NAFEM Learning Center.

What is NAFEM's CFSP 2-Day Virtual Overview and when is it offered?

The CFSP 2-Day Virtual Overview is an annual seminar hosted by NAFEM Headquarters staff each August. It spans two days, with 4 hours of instruction per day, providing a comprehensive overview of the CFSP program. Individuals who purchase **Bundle 3** or **Bundle 4** are automatically enrolled in the 2-day session and scheduled to take the CFSP exam on the third day. Attendance is limited to one overview per participant, and sitting for the exam on the third day is expected.

For details on the upcoming Overview, please visit [NAFEM's Events page](#)..

Do you offer group or company-hosted CFSP certification prep?

Yes, for group pricing contact Kathleen Galeher at kgaleher@nafem.org.

How do I update my foodservice industry activities to earn additional credits?

Sign into your account to report industry activities and view your certification records and status. Remember, you must provide proof of attendance to earn credits: simply scan supporting documents to your computer and upload them to your account.

Are there different levels of CFSP designation I can work toward?

There are three levels of achievement in the CFSP program. You advance naturally through the levels of certification as you earn the required number of credits:

Level III: 35 (minimum number of credits required to take the CFSP exam) to 54 credits accumulated

Level II: 55 to 74 credits accumulated

Level I: 75+ credits accumulated

Can I include a CFSP logo on my website?

Once you have been certified, you can add the designation to your email signatures and any day-to-day business communications. The [logo](#) (.jpg) is available for you to download and proudly showcase!

Can I get a refund or transfer my payment to someone else?

Once you authorize payment for a CFSP bundle or any a la carte item, you will not be eligible to receive a refund or transfer payments.

Do you need assistance getting started on your CFSP journey?

Contact Kathleen Galeher, Coordinator, Member Services at kgaleher@nafem.org or by phone at +1.312.821.0216.
